If an application for a Title V Source Modification was submitted that application may be used for the required permit modification as well.

<sup>1</sup>If you haven't received your initial Title V permit yet, you will not get a permit modification. The information will be incorporated into your Title V permit when it is completed. If you received a minor source modification, you may operate upon completion of construction in accordance with 326 IAC 2-7-10.5(e)(3)(A)(ii). If you received a significant source modification, you can operate after you submit an affidavit of construction and receive a validation letter from IDEM in accordance with 326 IAC 2-7-10.5(h).

<sup>2</sup>If you are incorporating a source modification, you need to meet the requirements of 326 IAC 2-7-17 and 2-7-18 before you can start to operate.
